A. Preda, in International Encyclopedia of the Social & Behavioral Sciences, 2001. Postmodernism in sociology is an analysis of the social and cultural features of late capitalism (post-modernity), a critique of sociological theory as a modernist project, and an extension of sociological inquiry into new domains. The term postmodernism made its way into sociology from literary theory and ...

In psychology it is the context for the development of post modern psychology. Postmodernism is an aesthetic, literary, political or social philosophy, which was the basis of the attempt to describe a condition, or a state of being, or something concerned with changes to institutions and conditions (as in Giddens, 1990) as postmodernity.

### **A Postmodern Psychology of Asian Americans**

As such, many Asian-Americans and Pacific Islanders associate stigma and loss of face with admitting to psychological problems. As a result, in many Asian-American/Pacific Islander cultures, individuals may often report somatic or physical manifestations of stress, as they are viewed as more acceptable than psychological symptoms.

Ideas from postmodern philosophy, such as those of Michel Foucault, are unapologetically critical of liberal norms. But postmodernism may, in fact, serve Peterson’s aim to bring about a society saturated with meaning, through the teachings of psychoanalysis. Take Philip K. Dick’s experience of what he called divine interference.

## **Postmodernism | Psychology Wiki | Fandom**

Postmodernity (post-modernity or the postmodern condition) is the economic or cultural state or condition of society which is said to exist after modernity. Some schools of thought hold that modernity ended in the late 20th century – in the 1980s or early 1990s – and that it was replaced by postmodernity, and still others would extend modernity to cover the developments denoted by ...

### **A Postmodern Psychology of Asian Americans: Creating ...**

Postmodern psychology is an approach to psychology that questions whether an ultimate or singular version of truth is actually possible within its field.. It also challenges the modernist view of psychology as the science of the individual, in favour of seeing humans as a cultural/communal product, dominated by language rather than by an inner self.
