The Bell 47 is a single rotor single engine light helicopter manufactured by Bell Helicopter. It was based on the third Bell 30 prototype, which was the company's first helicopter designed by Arthur M. Young. The 47 became the first helicopter certified for civilian use on 8 March 1946. The first civilian delivery was made on December 31, 1946 to Helicopter Air Transport.

Bell H-13 Sioux Light Utility / Observation Helicopter

The H-13 was used as an observation helicopter early in the Vietnam War, before being replaced by the Hughes OH-6 Cayuse in 1966. The Bell 47 was ordered by the British Army as the Sioux to meet specification H.240, with licensed production by

Westland Helicopters.

Army H 13 Helicopter Manuals

Bell H-13J. Lawrence Bell invested in helicopter research during World War Two to develop a commercial product that he could market after the war ended. When Igor Sikorsky won several wartime contracts to build military helicopters, Bell began to believe that one day the helicopter might become a common mode of personal transportation.
