My Briggs and Stratton 4 hp engine (10A902-0171-01) surges a few moments after a cold start, and then speeds up and dies. It will start again after priming. When warm it does the same. Any suggestions? Is there an idle mixture screw accessible? Or dirt. It is an old engine, but ran well up until this just started.

the Briggs & Stratton Quattro 4.0 push mower is a great mower for the money. We had the Briggs & Stratton Quattro 4.0 mower for about three years the mower has a good cut to it and is easy to push. Also this mower has always started very easy usually first or second pull. This mower never burns oil and is very fuel efficient.
