Bureaucratic Politics | SpringerLink

Though the bureaucratic politics model has been used to describe decision making in many different contexts, it is most commonly applied to national policy making in the United States and particularly to U.S. foreign policy. This focus has meant that the theory remains underdeveloped in many policy areas, and the traditional pluralistic view of bureaucratic politics has been challenged by critics who claim alternative paths to policy making.

Bureaucracy, politics, and decision making in post-Mao China

Firstly, in treating the President as one of the main chiefs, who was slightly more powerful than the other bureaucratic chiefs, the Bureaucratic Politics Approach has underestimated the power of the President. 44 The President dominates policy through his authority to select and control both officials and decision-making style. He has the power to sideline an entire bureaucracy.

bureaucratic politics approach | Definition & Facts ...

Bureaucracy usually refers to a system in which selected officials take the decisions instead of the elected professionals and representatives. We find divided opinions on the advantages and disadvantage of the bureaucratic system. But most of the general public is clearly against it because of its numerous problems and shortcomings.
