### **GNN - Cats Are Not Peas: A Calico History of Genetics**

If your typically fastidious cat is ditching the litter box and peeing just about everywhere else in the house, it can easily become a problem for pet parents. Between the constant cleaning and the strong smell, a cat that is not using the litter box properly can be a source of frustration.

#### **cats are not peas**

For everyone with an interest in cats and cat breeding, this is an unforgettable and often hilarious account of the intersecting lives of cats and geneticists. The field of genetics has exploded since 1992, when the first edition of Cats Are Not Peas was completed. Thus a lengthy Addendum is included in this new edition, providing the reader with the terminology and concepts needed to understand two burgeoning new areas in which cats have again had significant roles to play---the sequencing ...

Cats are Not Peas, narrated with inimitable grace and wit, takes us through the great discoveries in genetics, from Mendel's studies of inheritance in peas through the discovery of the chromosome and the role of DNA - all from the little-known viewpoint of the pivotal and unheralded role played by cats as experimental subjects in this epic drama.

### **My Cat Can't Pee! Difficulty Urinating in Cats**

So I don't quite get it when Laura Gould, early in her entertaining book *Cats Are Not Peas: A Calico History of Genetics*, calls one long stretch of prehistory, when hominids existed but cats did not, a "terrible period of over 200,000 years." Pity our poor ancestors, she writes, who "had to make do with dogs, reindeer, bears, and horses" for animal companions.

Replied on 04/19/2011. The answer to this question depends on what you mean by the phrase "properly digest" in relation to cats eating peas. Cats will never be able to digest peas as well as a rabbit, for instance, as rabbits are evolved to eat plant matter and cats are carnivores. Cats can benefit from the vitamins and minerals in peas even if they cannot utilize the other nutrients in them as well as another species may be able to.

### **Reasons Why Cats Pee Outside the Litter Box and How to Stop It**

More severe signs can develop in the blocked cat. Due to anatomical differences, a blocked cat is almost always male. The cat will often cry out in pain and become progressively more lethargic. This is because the urine cannot be emptied from the bladder, which not only makes the cat very sick but can become fatal. Primary Cause

Make sure they're not placed in the area where your cat eats or drinks. For the sake of your cat's privacy and your own decor, consider a decorative screen to separate the cat litter box area from other areas. Make sure there's a box on each level of your home. For older cats, the litter box should be easy for your senior cat to get into.

Peas, which are a legume (the seeds of plants), are the so-called “answer ingredient” for consumers who are demanding grain-free dog and cat food formulas. According to the Petfood Industry Community: “[...] the lowly pea (*Pisum sativum*) has been gaining in popularity. Not to be confused with the fresh or succulent green pea, the type that is being used in an ever widening array of applications is the dried pea.”

Yes! Green peas are a common carbohydrate used in grain-free pet foods. In addition to being loaded with carbohydrate energy and dietary fiber, peas are also a source of plant protein. You can feed your cat steamed or boiled peas in moderation, but don't feed them as more than 10% of your cat's daily diet.

### **Can Cats Eat Peas | Can I Give My Cat**

I have finally gotten around to reading and giving attention to the book by Laura Gould, *Cats are not peas*. It was a nice read, and made basic genetic concepts available to the non-bioscienc reader in an easy, flowing and non-scary way.

### **Cats are not Peas: A Calico History of Genetics by Laura L ...**

Cats are not peas; but neither are they humans, nor are they in any way bound by arbitrary human social behaviors. Wondering if your male black cat thinks your male calico cat is actually female/feminine because he is bigger, heavier and "developed a protective air toward" the smaller calico is absolute drivel.
