With 2,300 entries, St. James' third edition is a comprehensive survey of the significant international literary activity from 1900 to the present.

World literature - Wikipedia

World literature is used to refer to the total of the world's national literature and the circulation of works into the wider world beyond their country of origin. In the past, it primarily referred to the masterpieces of Western European literature; however, world literature today is increasingly seen in an international context. Now, readers have access to a wide range of global works in ...

Encyclopedia Of World Literature In

A literary work can transport us into a fictional, fantastic new world, describe a fleeting feeling, or simply give us a picture of the past through novels, poems, tragedies, epic works, and other genres. Through literature, communication becomes an art, and it can bridge and bond people and cultures of different languages and backgrounds.
