Evolutionary Biology: Futuyma, Douglas J.: Amazon.com.au ...

This textbook is by far one of the best books on evolutionary biology. It is designed for an undergraduate university course, but the author provides background and information that will allow a more general audience of interested readers to grasp the concepts. The author organizes the concepts well and builds upon them throughout the book.

(PDF) Evolutionary Biology. Douglas J. Futuyma

Evolution. Douglas J. Futuyma. In its scope and emphases, Evolution is a readily recognized descendant of the author's previous textbook, Evolutionary Biology. However, it is much shorter and is exclusively directed toward an undergraduate audience. Teachers and students will find the list of important concepts and terms in each chapter a helpful guide, and will appreciate the radically different dynamic figures and lively photographs.
