## Why Jung still matters - Management Today

Carl Gustav Jung is perhaps the most famous dissident of classic psychoanalysis. He strayed away from Freudian ideas and explored ancestral roots and the collective unconscious and had many revolutionary ideas. One of them was the 12 Jungian archetypes of personality. To define his 12 archetypes of personality, Jung studied the symbols and myths of many different cultures.

## Bing: Female Leadership Management Jungian Psychology

A thoroughly well-rounded exploration of the (potential) role of Jungian Psychology - specifically using the metaphor of purgatory - in modern management and particularly the place of women in political, commercial and corporate arenas.

## **Female Leadership: Management, Jungian Psychology ...**

Psychologists such as Eagly note a vicious cycle: If bias against women as managers restricts women's access to higher management positions, they're shut out from the chance to demonstrate their ability to handle line responsibility and further build their leadership skills. At the same time, women aspiring to management may consider their sex and their behavioral style in light of where they work.
