## What is Good Governance? - ESCAP

This book examines the roles and influence of multiple actors and initiatives that have come to constitute the global response to the epidemic. It considers how these actors and structures of governance enhance, or limit, participation and accountability; and the impact this is having upon effective HIV/AIDS responses across the world.

## Forest Governance

Governance can be used in several contexts such as corporate governance, international governance, national governance and local governance. Since governance is the process of decision-making and the process by which decisions are implemented, an analysis of governance focuses on the formal and informal actors involved in decision-making and
