Caring for Your Introvert - The Atlantic

Introversion is one of the major personality traits identified in many theories of personality. People who are introverted tend to be inward turning, or focused more on internal thoughts, feelings and moods rather than seeking out external stimulation. Introversion is generally viewed as existing as part of a continuum along with extroversion.

Introversion | Psychology Today

Introverts are known for staying home. While extroverts seek constant stimulation and excitement, we seek solitude and peace. But this is only part of the picture. Introverts, too, can catch the travel bug. It's just that we like to do it on our own terms.

Bing: Introvert Modern Day Guide For

Pay attention to what we're doing. If you see an introvert engaged in a quiet activity like reading, writing, or playing a video game, it's good practice to ask if
