Standard of living in Japan - Wikipedia

This unique case study of the Shintani Metals Company illustrates the ways in which employees lives extend beyond their work. Japanese Working Class Lives provides a valuable alternative view of working life outside the large corporations. Roberson demonstrates that the Japanese working class is more diverse than Western stereotypes of be-suited salary-men would suggest.

In Japan, lifetime employment still remains in
numbers of companies and therefore, it is difficult to
hire and fire people depending on the company's
needs. This CEO's quote indicates Japanese social
structure which is stable but have low mobility which
may cause stress toward employees.

Japanese Working Class Lives: An Ethnographic Study of ...

The living standards of most working-class Japanese
also rose considerably during the postwar era, with
real wages more than doubling from 1965 to 1975. In
the seventies, average living standards in Japan rose
to be as high (depending on the measurement) as
anyone living in the West.

It must be good fine subsequent to knowing the **japanese working class lives an ethnographic study of factory workers author james e roberston mar 1998** in this website.
