Build all 5 Simple Machines at the same time! Students can construct, examine
and explain simple machines to develop a deeper understanding of how they make
work easier. A 5-in-1 value! Contains enough pieces to build a lever, pulley,
inclined plane, wheel and axle, and wedge-all at the same time.

Lego Early Simple Machines Teacher

LEGO ® Education Simple & Powered Machines use LEGO ® bricks and creative
activities to make interactive, exploration-based learning easier than ever to
achieve. Powered mechanical and hands-on solutions that link textbook instruction
to real-world experiences are the focus of this curriculum activity pack and set for
grades 6-8.

LEGO DUPLO Early Structures and Early Simple Machines Set

With this updated version of the Early Simple Machines Set, young students build
fun and simple models such as a seesaw, rolling vehicle, spinning top, raft, and
many more. By playing with and manipulating the models, children experience
pulleys, levers, gears, and wheels and axles while exploring energy, buoyancy, and
balance.

Machines & Mechanisms Curriculum content

Chrissy Knutson, First Grade Teacher. North Idaho STEM Charter Academy, Rathdrum, ID. When Chrissy attended her first training for teaching with LEGO Education WeDo 2.0, she thought, “Whoa, first graders? There’s no way this will work with my students.” She started small, introducing Simple Machines as a center in their classroom rotation.
