Although etymologically maritime law and “law of the sea” are identical, the former term is generally applied to private shipping law, whereas the latter, usually prefixed by “international,” has come to signify the maritime segment of public international law.

Distance Learning - World Maritime University

Admiralty law or maritime law is a body of law that governs nautical issues and private maritime disputes. Admiralty law consists of both domestic law on maritime activities, and private international law governing the relationships between private parties operating or using ocean-going ships. While each legal jurisdiction usually has its own legislation governing maritime matters, the ...

Maritime Law Definition - investopedia.com

Perhaps the most important difference between admiralty and common law courts was that admiralty judges conducted trials without juries and applied general maritime law. While the 1789 Act specified that district court jurisdiction would be “exclusive,” the statute included a clause “saving to suitors the right of a common law remedy, where the ...
