PRC-320 - Clansman Radios

The UK/PRC (Portable Radio Communications) 320 HF Manpack Radio Station usually consists of the following CES (Complete Equipment Schedule) - Namely, a transceiver, and an Ancillaries Bag full of goodies, and an optional 5.4m Mast Kit, which I won't go into.

Clansman PRC-320, Portable Shortwave Transceiver ...

The Clansman RT-320 / PRC-320 is a lightweight HF/SSB radio station designed as part of the British Army's Clansman range of radio equipments for combat use throughout the world. It was used from 1978 to 1995 by long-range patrols and Special Forces because of its sky-wave range performance and hand generator system.

Army Radio Sales Co. :: Radios and Equipment

Introduction. The Clansman PRC-320 was used by the British Army and Cadet Forces in the Falklands and Gulf Wars and, since that time, I've always wanted one.. What's commonly known as a Combat Net Radio (CNR), the PRC-320 system can be used as a manpack (backpack) (See right) or vehicular radio.. It can TX/RX from 2000 kHz up to 29999 kHz so it pretty much covers the whole HF spectrum ...

I have owned and or used PRC-104, PRC-515, PRC-174, SE-6861 & RT-320. The RT-320 is a real clunker. Sure it works OK and has the advantage of a meter that can be modded to resemble a s-meter. But it uses the Plessey SL600 series IC's

which will become an issue as time goes on and replacements dry up.

***PRODUCT REVIEW* Clansman PRC-320 Military TX**

The PRC 320 actually has a -2KHz offset adjustment, which is used when AM is selected. However for some reason it is not used in other modes. This can be corrected by adding one (or two) wire links to one of the switch positions. Note that this only corrects the frequency offset for USB and CW(N) (if required).
