Transforming Professional Learning and Building a New ...

The main purpose of professional learning is to improve quality of practice and promote better child outcomes. The type, quality, and accessibility of professional learning is highly varied depending on the setting an educator works in. This is due to differences in state regulations, funding, leadership decisions, time, incentive systems, and more.

Professional Learning in Higher Education and Communities ...

Faculty have a growing interest in incorporating technology into teaching, but many administrators in higher education have concerns that faculty lack the skills necessary to implement e-learning (Bichsel, 2013). Institutions often rely on professional development opportunities to prepare instructors to effectively teach with technology.

Faculty Development as an Authentic Professional Practice ...

January 17, 2018. By Catherine Haras. The need for continual learning is a given in most professions. Architects, doctors, engineers, and teachers are expected to keep up with current practice, for their careers as well as for their clients, patients, and students. By contrast, professional development (PD) within higher education is confounding.
