Securing Outer Space: International Relations Theory and ...

The current geopolitics of outer space highlights that the defensive neo-realism in space point towards the states seeking space security in an anarchical outer space domain. The states try to achieve this space security through self-help and space power politics.

Outer Space Initiative - The Henry M. Jackson School of ...

Johnson-Freese offers a strategic approach to space based on “soft power,” which includes developing space governance, expanding the “peaceful uses” of space as understood in the Outer Space Treaty, liberalizing space commerce, expanding

commitments to human spaceflight and developing an inclusive space exploration global partnership among spacefaring states.

Securing Outer Space International Relations Theory And ...

The essays here seek to 'bring back space' into the realm of International Relations discourse, from which it has been largely removed, marginalized and silenced. The various chapters do this by highlighting how activities in outer space are always connected to earth-bound practices and performances of the every day.

Bing: Securing Outer Space International Relations

The 1967 Outer Space Treaty states that the moon is "not subject to national appropriation by claim of sovereignty, by means of use or occupation, or by any other means", while a 1979 UN pact governing activities on the moon and other celestial bodies says any resources of the moon shall not become the property of any state, organisation or individual.
