Meaning of life - Wikipedia

Existentialism is a philosophical perspective which attempts to explain human existence and experience. This approach is based on the ideology that we as humans are free beings and therefore have the authorship over our destiny. This is a shared notion among existentialist that as human beings we are subjective individuals in an objective world.

The Meaning of Human Existence | HuffPost

Human Existence Isn't "Pointless." Human existence has a form of value to it. If not a future value to others, the value of human existence has it for the current time. Without human existence, life as we know it would obviously cease to exist because we wouldn't know it.

The Meaning Of Human Existence

The Meaning of Human Existence is his most philosophical work, and contains many worthwhile insights about humanity’s origins and possible futures. Wilson’s method, best characterized as a kind of “biohistory,” integrates findings from the natural sciences with humanitarian wisdom to achieve a long view of the human stor

Meaning of Life: Human Origin, Purpose, and Destiny

Life has no meaning. Life or human existence has no real meaning or purpose because human existence occurred out of a random chance in nature, and anything that exists by chance has no intended purpose. Life has no meaning, but as humans we try to associate a meaning or purpose so we can justify our existence.

The Meaning of Human Existence by Edward O. Wilson

All I see in The Meaning of Human Existence are evolutionary explanations of the development of morality, religion, social behavior, etc. For example, in one chapter, he claims that in order to understand the human condition (our nature, the size of our brains, our social behavior, etc.), we must examine our evolutionary origins.

Existence | Definition of Existence by Merriam-Webster

Unlike Wilson's other books, The Meaning of Human Existence reads like a series of short, loosely connected essays instead of a single, coherent work. Some chapters feel disjointed and even tangential to his broader argument (forcing this reader to often retrace his footsteps to figure out how certain sections fit into the whole).
