Byrne A, Morgan A. How the integration of traditional birth attendants with formal health systems can increase skilled birth attendance. International journal of gynaecology and obstetrics: the official organ of the International Federation of Gynaecology and Obstetrics. 2011;115(2):127-34.

Indy Muscle & Joint Clinic

A traditional birth attendant (TBA), also known as a traditional midwife, community midwife or lay midwife, is a pregnancy and childbirth care provider. Traditional birth attendants provide the majority of primary maternity care in many developing countries, and may function within specific communities in developed countries.. Traditional midwives provide basic health care, support and advice ...

Traditional birth attendants - Leedam - 1985 ...

Traditional birth attendants are part of the socio-cultural fabric of various communities in Nigeria (14). Major disparities in maternal health care in Nigeria remain present despite the goal of the United Nations Millennium Development Goal to reduce maternal mortality by 2015.

SpeedFlex Joint Profile System | STI Firestop

Background . Traditional birth attendants play significant roles in maternal health care in the rural communities in developing countries such as Ghana. Despite their important role in maternal health care, there is paucity of information from the perspective of traditional birth attendants regarding their role on maternal health care in rural areas in Ghana.<i>

Objective</i>.

Traditional Birth Attendant (TBA) Practice in Nigeria ...

Additionally, this indicator is a measure of a health system's ability to provide adequate care for pregnant women; however, concerns have been expressed that the presence of a skilled attendant may not adequately capture women's access to good-quality care, particularly when complications arise, and that information on the supplies and ...

Perspective of Traditional Birth Attendants on Their ...

Traditional birth attendants will receive an offer of two-weekly payouts per reported delivery they take that is verified by client. Traditional birth attendants randomized to this arm will also receive an offer of two-weekly payouts per successful referral of delivery clients to postnatal care within 48 hours of delivery in a facility if verified.

Traditional Birth Attendants A Joint

Abstract Re-examines the role that traditional birth attendants can be expected to play in efforts to reduce maternal morbidity and mortality. Addressed to policy-makers and planners, the booklet aims to encourage realistic decisions based on a firm understanding of what TBAs can and cannot do and the extent to which their strengths and limitations might be affected by training programmes.

Traditional birth attendants : a joint WHO/UNFPA/UNICEF ...

History. In 2004, WHO, FIGO and ICM issued a joint statement that defined skilled birth attendants and their core functions. Measuring practice at country level however, is challenged by a lack of clear guidelines, standardization of names and functions, and task shifting.

WHO | Skilled birth attendants

Skilled birth attendants. The presence of a skilled health professional (doctor, nurse or midwife) during delivery is crucial in reducing maternal and child deaths. In 2010 approximately 287 000 women died while pregnant or giving birth and 3.1 million newborns die in the neonatal period.

WHO | 2018 definition of competent maternal and newborn ...

The skilled attendant is at the centre of the continuum of care. At the primary health care level, she/ he will need to work with other care providers in the community, such as traditional birth attendants and social workers. She/he will also need strong working links with health care providers at the secondary and tertiary levels of the health ...
