Van Tharp's Favorite Books - Van Tharp Institute

Easterling's approach in Unexpected Returns is to guide the reader on a journey that reveals the nature of secular cycles in the stock market, the fundamental causes of the cycles, and the ways to adjust your investment strategy. The book is divided into six bite-sized sections. The first one sets the stage for the details that follow.

Understanding Secular Stock Market Cycles - Crestmont ...

"Unexpected Returns provides a broad, deep, and provocative exploration of the factors that determine stock market investment returns over a person's lifetime. Of special interest to me, as a Federal Reserve policy advisor on monetary policy, is Easterling's exploration of the critical role of low and stable inflation as a key determinant of stock market

performance."
